PROFESSIONAL SUMMARY

Full Stack Developer with expertise in MERN Stack (MongoDB, Express.js, React.js, Node.js) and proficiency in Java. Completed MCA from VIT Bhopal University. Skilled in building scalable web applications, RESTful APIs, and responsive user interfaces, with a strong foundation in Data Structures, Algorithms, OOP, DBMS, and Software Engineering.

EDUCATION

Vellore Institute of Technology

Master of Computer Applications

July 2024 – Present

CGPA: 8.55/10

Netaji Subhas University

Bachelor of Computer Applications

July 2021 – June 2024

CGPA: 8.3/10

EXPERIENCE

Full Stack Developer Intern – Grovyn

Jul 2026 – Present

Remote

- Building full-stack features across the MERN stack, developing React.js frontend components and Node.js/Express.js backend APIs.
- Collaborating with the engineering team to design REST API endpoints and integrate them with reusable React.js components.
- Working with MongoDB to model and query application data, contributing to features from planning through deployment.

Frontend Developer Intern – Bihar Techno Group

Oct 2023 – Dec 2023

Remote

- Developed the complete frontend for "Reber," a school management web application using React.js, including login, signup, and dashboard modules.
- Implemented dynamic page rendering and component-level state management using React Hooks (useState, useEffect).
- Integrated frontend with backend REST APIs and configured CORS policies for secure client-server communication.
- Collaborated with backend developers to debug and resolve frontend integration issues before deployment.

PROJECTS

StudyNotion – Online Learning Platform | React.js, Node.js, Express.js, MongoDB

2024

- Built a full-stack ed-tech platform using React.js, Node.js, Express.js, and MongoDB with JWT-based authentication and role-based access control.
- Developed REST APIs for course management, enrollment, and content delivery.
- Integrated frontend and backend services to provide a seamless learning experience for students and instructors.

Zaykaa – Food Ordering Web Application | React.js, Node.js, Express.js, MongoDB

2023

- Developed a responsive food ordering platform with menu browsing, cart management, and order tracking features.
- Built RESTful APIs using Express.js and MongoDB for user authentication, order processing, and data management.
- Implemented dynamic UI components and optimized application performance for a better user experience.

Personal Portfolio Website | React.js, JavaScript, SCSS

2025

- Designed and developed a responsive portfolio website to showcase projects, skills, and professional achievements.
- Implemented reusable React components and modern UI/UX practices for improved accessibility and performance.
- Deployed the application on Vercel with optimized loading speed and responsive design across devices.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), Java, HTML5, CSS3
- **Frontend:** React.js, React Hooks, Redux, SCSS, Responsive Web Design, Bootstrap
- **Backend:** Node.js, Express.js, REST API Design, JWT Authentication
- **Databases:** MongoDB, MySQL
- **Tools & Platforms:** Git, GitHub, Postman, VS Code, Vercel
- **Core CS:** Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, SDLC
